management

1. General information on the time series

• Date of national metadata: 7 June 2022

• National data: http://sdg-indicators.de/11-3-2/

- Definition: The time series measures the share of cities that include civil society in a direct and democratic process of urban planning.
- Disaggregation: Not available.

2. Comparability with the UN metadata

- Date of UN metadata: May 2022
- UN metadata: https://unstats.un.org/sdgs/metadata/files/Metadata-11-03-02.pdf
- The time series is not compliant with the UN metadata, but provides additional information. The national implementation of the global methodology and the role of the national statistical office are unclear. Neither the scope of German cities nor the 5 local evaluators/experts are specified.

3. Data description

• According to the German Federal Building Code (Baugesetzbuch), chapter one, subdivision one, section three "public participation", the public has to be informed about urban planning and management processes at the earliest stage possible and is to be given suitable opportunity for comment and discussion.
