3. Data description

- The data are taken from the Police Crime Statistics. The Police Crime Statistic covers known criminal offences, victims and suspects. Multiple counting is possible in regard to the number of victims. If a person is a repeatedly victim, it is counted multiple times.Intimate relationships cover spouses, registered civil partnerships, non-marital partnerships, as well as previous partnerships.Due to methodological changes, the values before 2013 and from 2014 on are not directly comparable. This is due to the population estimations of 2013, based on the Census in 2011, that resulted in numerical discrepancies to the previous calculations.
