SDG Goal 8	Decent work and economic growth
SDG Target 8.7	Take immediate and effective measures to eradicate forced labour, end modern slavery and human trafficking and secure the prohibition and elimination of the worst forms of child labour, including recruitment and use of child soldiers, and by 2025 end child labour in all its forms
SDG Indicator 8.7.1	Proportion and number of children aged 5–17 years engaged in child labour, by sex and age
Time series	Young victims being exploited or intended to being exploited

1. General information on the time series

• Date of national metadata: 11 August 2021

• National data: http://sdg-indikatoren.de/en/8-7-1/

• Definition: The time series shows the total number of children and juveniles who are victims of human trafficking, or who are exploited in other ways.

• Disaggregation: age group; sex

2. Comparison with global metadata

• Date of global metadata: February 2021

• Global metadata: https://unstats.un.org/sdgs/metadata/files/Metadata-08-07-01.pdf

• The time series is not compliant with the global metadata, but provides additional information. It summarizes the data of the Police Crime Statistics regarding the criminal offence of trafficking in young human beings, as well as exploitation of their labour in various ways.

3. Data description

• The data are taken from the Police Crime Statistics by the Federal Criminal Police Office (Bundeskriminalamt, BKA). The PCS covers known criminal offences, victims and suspects. It includes attempts as well as completed offences for every year. Since the data are summarising only cases which were brought to the attention of the police, our numbers underestimate the real situation. If a person is a victim of more than one crime or repeatedly victim of the same crime, it is counted multiple times.
